Entering text

Changing the text input mode

In a text input field, press the right soft key until the input mode indicator you want appears:

-  : T9 mode
-  : ABC mode
-  : Number mode
- None: Symbol mode

T9 mode

- Press **2** to **9** to start entering a word. Press each key once for one letter.
Example: To enter *Hello* in T9 mode, press **4**, **3**, **5**, **5**, and **6**.
T9 predicts the word that you are typing, and it may change with each key that you press.
- Enter the whole word before editing or deleting characters.
- When the word displays correctly, go to step 4. Otherwise, press **0** to display alternative word choices for the keys that you have pressed.
For example, *Of* and *Me* use **6** and **3**.
- Press **#** to insert a space and enter the next word.

Feature	Description	Select
Use the SIM service	Use a variety of additional services offered by your service provider.	Menu > SIM AT
View recent calls	View the most recent calls you have dialled, received, or missed.	Menu > Call records > Missed calls, Received calls, Dialed calls

Important safety precautions

Read these guidelines before using your wireless phone. Failure to comply with them may be dangerous or illegal.

Drive safely at all times

Do not use a hand-held phone while driving; park the vehicle first.

Switching off when refueling

Do not use the phone at a refueling point (service station) or near fuels or chemicals.

Switching off in an aircraft

Wireless phones can cause interference. Using them in an aircraft is both illegal and dangerous.

Switching off near all medical equipment

Hospitals and health care facilities may be using equipment that could be sensitive to external RF energy. Follow any regulations or rules in force.

Interference

All wireless phones may be subject to interference, which could affect their performance.

Special regulations

Follow any special regulations in force in any area and always switch off your phone whenever it is forbidden to use it.

Water resistance

Your phone is not water-resistant. Keep it dry.

Sensible use

Use only in the normal position (held to the ear). Avoid unnecessary contact with the antenna when the phone is switched on.

Emergency calls

Key in the emergency number for your present location, then press . Do not end the call until given permission to do so.

Small children and your phone

Keep the phone and all its parts including accessories out of reach of small children.

Sending an SMS message

- In Idle mode, press the **Menu** soft key.
- Select **Messages** → **Text messages** → **Write new**.
- Enter the message text.
To change case, press *****.
- Press the **Options** soft key and add items using the following options:
 - Add objects**: add sounds, images, or animated images.
 - Add templates**: add text templates.
 - Add emoticon**: add emoticons.
 - Add phonebook**: add Phonebook entries.
 - Add bookmark**: add bookmark items.
- Press the **Options** soft key and select **Send only**, **Save and send**, or **Save only**.
- If you select **Save and send** or **Save only**, select a memory location.
- Enter a destination number and press the **OK** soft key.

Feature	Description	Select
Messaging options	Set options for using messaging services.	Menu > Messages > Text messages or Multimedia messages > Settings or Setup
Delete messages	Delete messages in each message box.	Menu > Messages > Text messages or Multimedia messages > Delete all
Message memory status	Check memory information for messages.	Menu > Messages > Text messages or Multimedia messages > Memory status
Voicemail	Access your voicemail server and listen to messages on the network.	Menu > Messages > Text messages > Voice mail
Broadcast message	Change settings for the service and access broadcast messages.	Menu > Messages > Text messages > Broadcast
MMS profile	Select or configure a connection profile to be used for MMS.	Menu > Messages > Multimedia messages > MMS profile
Push message	Change the settings for the service, and access or delete push messages.	Menu > Messages > Push messages
Web browser	Launch the web browser.	Menu > Funbox > WAP browser

Accessories and batteries

Use only Samsung-approved batteries and accessories, such as headsets and PC data cables. Use of any unauthorised accessories could damage you or your phone and may be dangerous.

CAUTION	Risk of explosion if a battery is replaced by an incorrect type. Dispose of used batteries according to the manufacturer's instructions.
	At very high volumes, prolonged listening to a headset can damage your hearing.

Qualified service

Only qualified service personnel may repair your phone.

SAR information

Your wireless phone is a radio transmitter and receiver. It is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the European Union (EU) Council. These limits are part of comprehensive guidelines and establish permitted levels of RF energy for the general population. The guidelines are based on the safety standards that were developed by independent scientific organizations through periodic and through evaluation of scientific studies.

The standards include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The exposure standard for wireless phones employs a unit of measurement known as Specific Absorption Rate (SAR). The SAR limit set by the EU Council is 2.0 W/kg. The highest SAR value for this model phone was 0.419 W/kg.

Quick feature reference

This section provides brief explanations of features on your phone.

Feature	Description	Select
Find a contact	Search for contacts in Phonebook.	Phonebook > Search
Add a new contact	Add a new contact to Phonebook.	Phonebook > New entry
